

Care Guide

Soil _____ Well-drained soil

Light _____ Direct Light or Full Sun

Water _____ Water only when soil is dry

Height, Spread _____ 2 - 4' , 1 - 2'

Spacing _____ Plant 3 - 6" apart

Uses _____ Containers, houseplant, patio

Repotting Guide

Step 1: Layer fresh soil in the new pot if it is larger than the plastic pot

Step 2: Gently squeeze and rotate the plastic pot to release the plant

Step 3: Loosen any tightly packed roots or soil and place the plant in the center of the new pot

Step 4: Fill gaps around the plant's base with fresh soil

Step 5: Water well immediately after transplant

Thank you for caring for me!

I may take a tumble during transit, but with some water and care I should be back to my lively self in no time. If you have questions on how to care for me, please contact hello@plantsbypost.com or visit www.plantsbypost.com.
