- 1 x Extension Tube
- 1 x Ground Spike

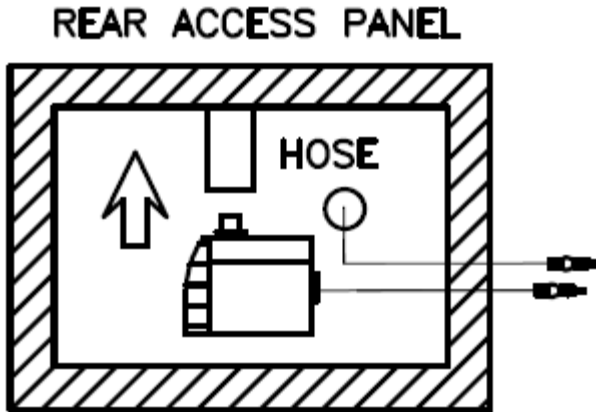

Notes: If there is any damage to the fountain or missing parts, please contact us at 1-626-582-8898 or www.allsolarcentral.com/contactus

FOUNTAIN ASSEMBLY:

1. Carefully remove all components from the box.

Notes: If there is any damage to the fountain or missing parts, please contact us at 1-626-582-8898 or www.allsolarcentral.com/contactus

2. Attach the pump to the hose from the access panel located on the back side of the Squirrel Stream Fountain.
3. The pump and light cables will exit out from the access panel on the rear of the Squirrel Stream Fountain and connect to the solar panel. (Please refer to the Solar Water Pump Kit Instructions)
4. Fill the Squirrel Stream Fountain with water so the pump is completely submersed.

Note: In order to reduce mineral deposits and bacteria build-up, it is recommend using distilled water.

SOLAR PUMP KIT ASSEMBLY:

Please refer to Solar Water Pump Kit Instructions.
