

Gatefold

Gatefold began within the 2015–2016 Extended Type@Cooper Program in NYC. Exploring a variety of parameters, Gatefold began to take shape on paper and has been slowly built up for nearly two years. Here we are six styles later with plenty of room to expand upon.

A beautiful display typeface designed for editorial usage to showcase its sharp brush-like terminals, tall x-height and delicate serifs. Best used at 25pt. and above.
