BLOCK CUT EPS

AVAILABLE DENSITIES:

*refer to density chart

STOCK STRINGER:

1/8" Bass

Updated 5-11-16

SHAPER'S COMMENTS:

This 9'6" classic long board style blank was created by long time shaper Hank Byzak and dedicated EPS proponent Dan Hirsch. Their approach was to create a tight tolerance shaping blank and a functional big guy board that would be close to finish right out of the pressure molding process with very little fine tuning left to complete the shape.
