

9'6" GUN

PRESSURE MOLDED EPS BLANKS

AVAILABLE DENSITIES:

*refer to density chart

STOCK STRINGER:

1/4" Bass

Updated 5-6-16

SHAPER'S COMMENTS:

If your looking to charge some big waves you've found the right blank. With enough rocker to make the drop and an outline made for speed there's no wave the gun blanks can't handle. Go big or go home!
