Product quality assurance manual

Warranty and after-sales service

Warranty period: within 12 months from the date of purchase.

Free repair:

During the warranty period, you can repair product failures free of charge by showing receipts and quality assurance statements and contacting the store where you purchased the product. The customer will be responsible for the freight at the time of return. Otherwise, the following reasons do not meet the requirements for free repair:

1. Product damage caused by customer's own disassembly.

2. The product is damaged due to the influence of immutable factors.

3. Water and other liquid damage to COLMI smart watch.
