

d60 Magic Item Table F (d60)

Description (more info)

This table is an adaptation from Magic Item Table F on page 146 of the Dungeon Master's Guide.

Each of the items in the original table are represented once here. This means that the more common items are underrepresented and the more rare items are overrepresented. If you are a DM who prefers neat magic items to just a +1 weapon, this chart is perfect for you!

Intellectual property and item names belong to Wizards of the Coast.
