STEPS:

1. Turn the sock inside out and flip one heel side up (sock 1) and the other on its side (sock 2).
2. Cut out the heel of the Sock 1.
3. Mark your sewing lines shown in yellow in Pic 1.
4. Sew on your sewing lines, making sure to back stitch at the beginning and end of each seam you sew.
5. Cut around your sewing lines, making sure to leave a space so you don't accidentally cut your seams.
6. Cut off and save the toe of Sock 1 to be used as the rabbit tail later on.
7. Turn all parts right-side out.
8. Stuff the legs and arms. Set aside.
9. Stuff the body and sew shut.
10. Iron ears flat.
11. Fold each ear in half at bottom and sew together. See Pic 2.
12. Pin arms, legs and ears in place. Attach with needle and thread. See Pic 3.

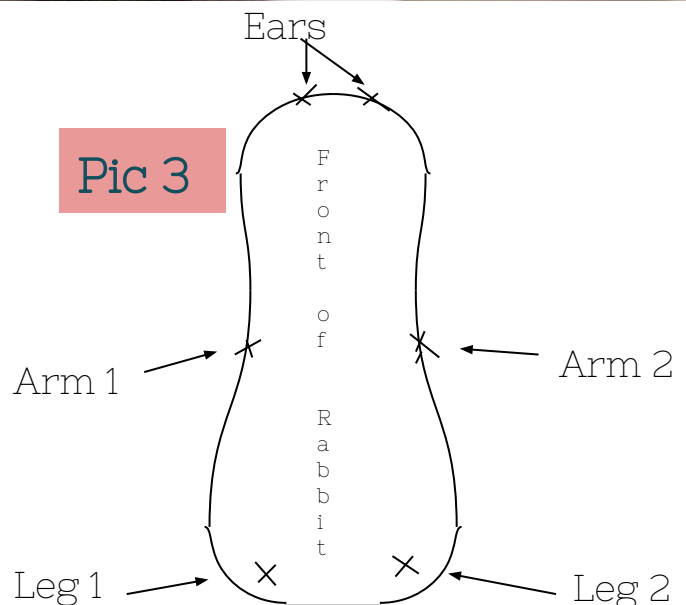

KEY: - - - Sew here
- - - Cut here

Pic 2

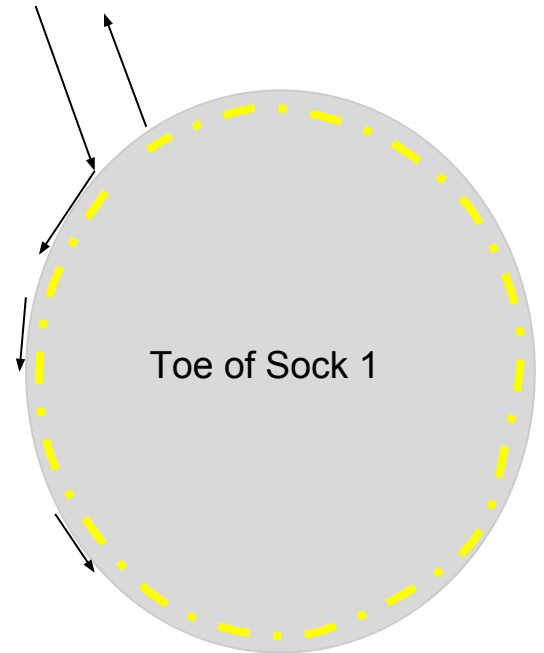

Pic 3

13. Do a gathering stitch all around the edge of the toe of Sock 1. See Pic 4.
14. Stuff the the toe with Poly-Fil.
15. Pull the gather stitch tight to close the opening. Then sew it tightly shut. Creates the tail.
16. Attach the tail to the rabbit. See Pic 5.
17. Stitch on mouth and nose using coordinating thread. See Pic 6.
17. Sew the eyes on. **NOTE: If Giving this to a young child, do not use buttons. Stitch the eyes on with coordinating thread or use safety eyes before stuffing.**
18. Tie a coordinating ribbon around the rabbit's neck if desired! (securely attach the ribbon if will be used by a child)
