Burgundy Oak is not responsible for any damage, injury, loss of property, or any other accidents occurred while renting, loading, unloading, or moving barrels.

Some barrels are different shades and colors; this is caused by different types of wood, where the barrel was kept, and weather or not the winemaker spilled wine on it. Burgundy Oak cannot guarantee a consistent color or shape of barrel because of the variance in supply. All Burgundy Oak Barrels are between 35-37 inches tall and 28-30 inches wide.
