## Instructions to use Rose Light Bottle

---

### How to start

1. Take off cap and remove bubble padding from bottle.
2. Push out light unit from cap, twist to open, and remove protective battery slip.
3. Remove protective slip from remote control.

### How to use remote control

- Power on and off with “ON” and “OFF” button.
- Set light color using 13 color control buttons.
- Select “FADE” to switch colors at a slow pace.
- Select “JUMP” for a fast pace.
- Select “RESET” to reset to default setting.
- Select “TIMER” once to schedule auto shut-off in one hour. This can be pressed up to 8 times for 8 hours.
- Adjust brightness with the up and down arrows.
