### Better 4 Hooves – Ingredient Focus

In the last few issues we have focused on the ingredients in our hoof supplement but now we turn our heads to the hoof dressing – Care and Shine!

Care and Shine Hoof Dressing is a liquid that provides your horses feet with the care and protection they need with a great shine fit for any show ring

**Coconut oil** - has nourishing properties which helps to keep the hooves moisturised, it helps to stop the hoof walls from drying out but also protect them from the wet and activate horn growth.

**Eucalyptus oil** - is in both of our hoof dressings and is used for providing antibacterial properties. Horses feet can be exposed to all kinds of bacteria and having small nail cracks, or the frog clefts can be a home for bacteria to grow.

We have just highlighted two of the main ingredients of our Care and Shine Hoof Dressing, look out for the next edition where you can find out more information.

### **Events we are attending:**

- Royal Windsor Horse Show – 8<sup>th</sup> – 12<sup>th</sup> May 2019
- Hickstead Derby Meeting – 20<sup>th</sup> -23<sup>rd</sup> June 2019
- Hickstead Royal International – 23<sup>rd</sup> – 28<sup>th</sup> July 2019

We will also be attending lots of shows throughout the year so look out for our next edition to see more information. Keep an eye out on our Facebook, Instagram and Twitter pages for the latest updates and competitions.

**Fact about feet** – The front feet are more circular in shape to allow for expansion during weight bearing.

### **Why choose us?**

"I've used better4hooves with my clients for some time & I have to say I've noticed good results. In particular a couple of cases where previous supplements have been tried & not worked, but better4hooves has made a difference. This could be down to the research that's been put in in regards to the quantities of each individual nutrient. I noticed an improved growth rate but the horn quality also improved. I highly recommend better4hooves."

**David Newall DWCF**

"My cushioned/laminitic pony's feet have been through the mill, with Better4Hooves she is producing high quality great looking feet, you wouldn't think she had anything wrong with her. My thoroughbred is also on better4Hooves he now keeps his shoes on & has no more splits in his feet!"

### **Meet the Team – Emma Warren**

Emma is based locally to the Better 4 Hooves head office and can often be seen at local events both supporting and competing..

I have been a showjumping groom all of my life and now manage a showjumping stud 6 days a week which means I do my own 2 horses after work and compete on my days off. Both of my horses Roque Luna and Roque Jerrico are homebreds who have been produced by myself, I started showing 3 years ago with Roque Luna with great success competing at the Royal International and HOYS. This is such an achievement for us as we are beginners who are completely self-taught as I do not have time or can afford many lessons.

Roque Jerrico had his first season showing last year and qualified for the CHAPS Championships, BSPA Championships, and Equifest. We took him to his second ridden show at Surrey County Show and I am really pleased to say that he came 2nd so has also got a ticket for the Royal International at Hickstead. He was such a brilliant boy as there was a lot going on and he took it all in his stride, we then went to Surrey Spring Show and he won a big ridden coloured class and won his in hand and took champion with lovely comments from all judges, he has also qualified for home produced finals.

We look forward to keeping you updated on her successes this year.
