## PRIMARY LOGO

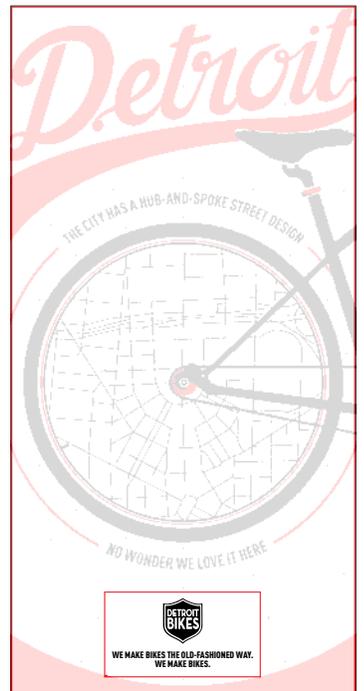

- Proper clear space surrounding the logo should be used at all times. Please see below for reference.
- EPS files should be used whenever possible, since they are the highest-quality files provided.
- PNG files are used for digital ONLY.

## Tagline Usage

The tagline “WE MAKE BIKES THE OLD-FASHIONED WAY. WE MAKE BIKES.” can be used with the logo. It should be set in all caps, using Din Cond Black. Below are some examples of placement in conjunction with the logo. Please note that the size relationship between the logo and the tagline remains consistent, while the color and placement are dictated by the design.

## Clear Space

As the primary visual representative of Detroit Bikes, the logo should stand out from other graphic elements. Whenever the Detroit Bikes logo is used, it must be surrounded by at least a minimum area of clear space. No illustrative matter, words, symbols or marks are to intrude upon this area. This clear space is indicated by the x-unit below. The x-unit is based on the height of the "D" in "DETROIT."

## Minimum Size Usage

The Detroit Bikes logo should never appear smaller than 0.5"/36 pixels in height, whether standing alone or combined with other approved nomenclature.

(0.5"/36 pixels in height)

## Proper Resizing of the Logo

When resizing the logo, the original proportions of the logo should not be altered in any way.

The following pages provide additional logo formats to be used accordingly. Please follow the guidelines below to determine the proper file-type usage.

### File types and usages – PRINT

#### Black EPS

For use in all printed materials, including, but not exclusive to, communications, signage, merchandise and collateral whenever possible. Every effort should be made to use this logo on all print pieces. If background colors or images cause the logo to lose readability, backgrounds should be adjusted to improve readability, or the white logo listed below can be used. This logo should not be altered in any way, including, but not limited to, adding highlights, drop shadows or outlines.

#### White EPS

For use in print applications on dark backgrounds.

### File types and usages – DIGITAL/VIDEO

#### Black PNG

For use in Web, video, social media applications and digital presentations whenever possible. Every effort should be made to use this logo in digital/video environments. If background colors or images cause the logo to lose readability, backgrounds should be adjusted to improve readability, or one of the logos on the next page can be used. This logo should not be altered in any way, including, but not limited to, adding highlights, drop shadows or outlines.

#### Flat-White (RGB) PNG

For use in Web and social media applications, and digital presentations on dark backgrounds where the black version of the logo cannot be used.
