

DPQA

Certificate of Qualification

This is to confirm that:

Keller-Heartt Oil

4411 Tripp Avenue

Chicago, IL 60632

Is certified to distribute Shell Products as authorized by contractual requirements with a Bulk Lubricants addendum and Trademark License. An integral part of the DPQA Program is to pass a Comprehensive Quality Assurance Inspection and demonstrate an active involvement in long-term quality commitments. The DPQA Program contains the highest quality standards in the lubricants industry for repackaging and or bulk handling Shell Products. Quality begins in Shell Oil manufacturing plants and extends to authorized bulk handling and or repackaging distributors who must maintain the proper "Product Chain of Custody."
