

LAHM 06+ Pendant

The LAHM Collection represents an exercise in refinement in simplicity.

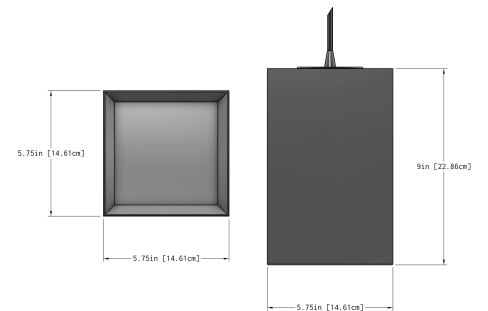

LAHM 06+ has a square inset panel as the focal point. The form extends upward to create a rectangular profile. Parallels can be referenced from Japanese paper lanterns. Substantial in size, the exact proportions are replicated into a pendant.

DETAILS

MATERIALS: Engineered Polymer, Steel
APPLICATION: Pendant
TYPE: Hardwired
SOCKET: Type G8, Max 7W
LIGHT SOURCE: G8 4.5W, 90+ CRI, 410 lm
CERTIFICATIONS: UL and cUL Listed
