

## LAHM 06 Sconce

The LAHM Collection epitomizes the art of refinement through simplicity, a study in the juxtaposition of minimalism and elegance.

LAHM 06 is distinguished by a square inset panel, serving as its central motif. Its design draws inspiration from traditional Japanese paper lanterns, invoking a sense of cultural nuance. The meticulous crafting process behind LAHM 06 has been a pursuit of perfection, where countless hours were devoted to fine-tuning proportions. The result is an object that not only echoes the finesse of a finely cut jewel but also embodies the very essence of exquisite artistry.
