## GRID 01 FLUSH MOUNT

The GRID collection embodies refined simplicity, skillfully blending minimalist design with elegance.

In GRID 01, a central grated square panel invokes images of the window panes adorning a sleek glass skyscraper. Countless hours were devoted to proportion in order to give the impression of the grid facade floating in space, yet firmly anchored by its base.

The meticulously crafted grid, complemented by gentle rounded edges, exudes a precise austerity that is visually appealing and inviting.
