Moral

Hamsters can make good pets but like any of the animals, they can be grumpy and sometimes bite. They can be trained to do tricks and are fun to watch but need they also care and love from you like any other pet

“I am Hammy the Hamster.

I live with my mother Henrietta,
my father Harry, my sister Hachi,
and my brother Hal.

We live in South America
and you can't miss our home.

It is the burrow under
the trees that look like the letter H

When we are out during the day, we are very careful so we aren't caught.

We might get trapped and become someone's pet.

So we are mostly out after dark.

Our cheeks have built in shopping bags.

We like to eat seeds and fruit and can carry it back home in our pouches.

Just like you, we like to play
and have fun.

We have fun
running into the
light and chasing
our shadows on the leaves.

Last night Hachi and I found this thing.
When you pushed a button, it lit up like
the sun.

We like to climb things
and explore.

Our cousins Lester, Larry, and Lorain live in the city.

They are someone's pet.

They sent us this picture and said they had a lot of fun but missed playing with us.

Lester said
he liked people.

He always had food
and water
and lots of toys
to play with.

He even likes
to take a ride
in the pocket of his
people friend, Billy.

I might be your pet some day.

If I ever become your pet,
I hope you take
good care of me because
.I will do all I can to be your friend
