

AUVIO 3301089

Headphone / Base Docking Station Re-Pairing Instructions

To re-pair your included AUVIO 3301089 headphones with the docking station:

1. Turn on the docking station and headphones.
2. Press and hold **Source/Pair** on the docking station for three seconds to enter pairing mode; the Pair LED flashes blue rapidly.
3. Press and hold **Pair** on the headphones until the headphone LED lights blue. This may take several seconds.
4. When successfully paired, you will hear the audio signal transmitted from the sound source on your new headphone connection.
