

- **SPS80TW:** 32W 100v Suspended Speaker (80W @ 8Ω)

The **SPS80TW** is a **low cost, high performance suspended speaker** for music and paging applications.

Rated at 32 Watt @ 100v line and 80 Watt @ low impedance, this professional pendant loudspeaker is ideal for commercial applications such as supermarkets, 'shed' retail outlets, warehouses and gymnasias where wide sound dispersion is required in large, open indoor areas.

Featuring a 6.5" full-range, two-way speaker driver, the **CLB SPS80TW** loudspeaker provides clear, high quality voice and music reproduction.

**Features:**

- High quality music & paging suspended loudspeaker
- 32 Watt output @ 100v line
- 100v tapings @ 32, 16, 8, 4 & 2 Watt
- 80 Watt output @ 8Ω
- ABS construction
- Full-range, two-way driver
- Phoenix connector termination
- Secure suspension eyes

**Specifications:**

Model:	SPS80TW
Nominal Impedance	8Ω
Woofer Size	6.5"
Driver Material	Polypropylene Cone
Single Tweeter	0.75"
Tweeter Material	Titanium Dome
Frequency Response (±3db)	45Hz-20kHz
Sensitivity	90dB
RMS Power	80W
Transformer	100v / 32/16/8/4 & 2W
Low Impedance	80w @ 8 Ohm
Colour	White (RAL 9010)
Dimensions	Ø308 x 365 mm
Weight (Net)	4.32kg
Weight (Gross)	4.50kg
