## PROFESSIONAL DEVELOPMENT

DID YOU KNOW that the Gesell Institute of Child Development offers much more than just the GDO-R Workshop? Child development experts offer webinars and seminars across a variety of topics including Dealing with Challenging Behaviors, Foundations of Child Development, and Social Emotional Learning.

## GDO-R COMPLETE KIT

The GDO-R Complete Kit includes all forms and manipulatives to conduct the Gesell Developmental Observation - Revised Assessment. All GDO-R Examiners need an assessment kit to administer the assessment.

## GESELL EARLY SCREENER

The Gesell Early Screener (GES) is a screening instrument that assists parents, educators, and other professionals to quickly determine a child's Performance Level Rating (Age Appropriate, Emerging, or Concern) in four domains of development: Cognitive, Language, Motor, and Social/Emotional/Adaptive Skills.

The GES can be reliably administered by persons with varying levels of experience in less than 20 minutes.
