AFTER GDO-R TRAINING:  
**WHAT'S NEXT?**

## BEYOND ADMISSION AND PLACEMENT WEBINAR

The GDO-R assessment system provides invaluable information about children that can guide teachers in best practices and methods for learning. Review this webinar to learn more about how to use the GDO-R for curriculum planning, individualized instruction, and developmentally appropriate practice.

THIS WEBINAR IS FREE OF CHARGE!

## VIRTUAL ADMINISTRATION OF THE GDO-R WORKSHOP

This virtual workshop offers certified examiners additional training needed to reliably assess children using a web based video camera.

## GESELL EARLY SCREENER

The Gesell Early Screener (GES) is a screening instrument that assists parents, educators, and other professionals to quickly determine a child's Performance Level Rating (Age Appropriate, Emerging, or Concern) in four domains of development: Cognitive, Language, Motor, and Social/Emotional/Adaptive Skills.

The GES can be reliably administered by persons with varying levels of experience in less than 20 minutes.

## PROFESSIONAL DEVELOPMENT

DID YOU KNOW that the Gesell Program in Early Childhood offers much more than just the GDO-R Workshop? Child development experts offer webinars, live seminars and coaching on a variety of topics for parents and early childhood educators from PreK - 3rd grade including Play Based Learning, Understanding Challenging Behaviors, Foundations of Child Development, and Trauma Informed Practice.

## GDO-R COMPLETE KIT

The GDO-R Complete Kit includes all forms and manipulatives to conduct the Gesell Developmental Observation - Revised Assessment. All GDO-R Examiners need an assessment kit to administer the assessment.

## GESELL ONLINE BOOKSTORE

Unique Gesell booklets, pamphlets and products unavailable elsewhere. Great resources for parent conferences and teacher professional development.
