

DRUM SIDE TABLE IN CLOUDS

The Pierce & Ward Drum Side Table effortlessly blends function and beauty, perfect for adding extra seating, surface space, or a touch of charm to any room. We love incorporating them into sitting areas and watching them find their perfect spot! The top is crafted with wool felt, offering a firm surface for a drink yet soft enough for comfortable seating. Wrapped in a linen fabric inspired by Duncan Grant's 1931 artwork "Clouds," which showcases abstract shapes and organic forms in warm browns and pastel colors.
