Cinelex DESK-TX8

The "Go Anywhere" portable wireless DMX control desk

TRULY WIRELESS

Control lighting with unheralded freedom, releasing LDs from behind the desk and onto the set.

LumenRadio COMPATIBLE

Seamlessly sync to any TRX, SKYNODE or any light with an integral LumenRadio receiver chipset.

OPERATE WITH PAGES

Activate up-to 512 DMX channels, controlled through Pages.

MULTIPLE POWER INPUTS

5-30V operation allows for multiple power options, including over 24 hours run-time from 4x AA batteries.

PROFESSIONAL-READY

Robust design, constructed with extruded aluminium – built to withstand tough rental & on-set environments.

STANDARDS COMPLIANT

All Cinelex products meet international regulatory standards including FCC, CE & RohS.

Cinelex DESK-TX8

The "Go Anywhere" portable wireless DMX control desk

Specification

Wireless Protocol	
Protocol	LumenRadio
Operational Frequency	2.4GHz (2402–2480MHz)
Range	Up to 100m (environment dependent)
DMX	DMX512, DMX512 (1990) & DMX512-A

Power	
DC in	5–30V
Power Consumption	1W

Controls	
1x "SYNC" Button (White)	Synchronise DESK-TX8 with LumenRadio Receiver
1x "UP" Button (Blue)	Increase DMX Address ID
1x "DOWN" Button (Blue)	Decrease DMX Address ID
1x "POWER" Button (Red)	Turn on DESK-TX8
8x Control Slider(s)	Adjust Assigned Parameter between 0–100%
8x ADD-L Button(s) (Green)	DMX Address Lock

Connectors	
1x 2.1mm DC-In Power Socket	
1x AA Battery Compartment (4x AA)	(Batteries Not Included)
1x Antennae RP-TNC Male Connector	(Antennae Included)

LED Indicators	
1x 3-Digit Numeric Display	Active DMX Address ID
1x "SYNC" LED	Synchronisation Status
1x "POWER" LED	'Power On' Confirmation

Size (without Antennae)	
Weight	765g
Dimensions	195mm x 190mm x 70mm (L x W x D)
