# CHANTILLY

# GC

## TOM SIMPSON DESIGN

Ranked many years as number 1 golf course in France by Golf World, Chantilly is a magical place for golfers.

Theatre of 10 French Open, Chantilly has seen all champions become legends.

With its second golf courses built in the 80's Chantilly is the home of golf in the heart of Chantilly forest. Discover the beautiful club-house, typically Scottish with wooden lockers and traditional decorations.

DAY

02

Paris, tasting rare vintage wine  
with French sommelier

22.30 : Transfer back to hotel

LGN

GC

HUBERT CHESNEAU DESIGN

The Albatros is a demanding course. The diversity of both “links course” and “target golf” with “water hazards” and “bunkers”, invite the players for a memorable round.

The large and carefully placed greens will challenge players when putting over the exciting terrain. Players will enjoy this « Risk & Reward » course. Be aggressive on the first 6 holes; take your birdie chances, and protect your score on the final holes when excitement will challenge the players.

DAY

03

PLAY IN FONTAINEBLEAU

Breakfast at your hotel

08.00 : Transfer to  
Fontainebleau private golf  
course (Top 100 of the world)

check in (Around 2h30)

Dinner & Night at leisure

# FONTAINE BLEAU GC

TOM SIMPSON DESIGN

Located in the Fontainebleau forest, near the town, on the ancient imperial hunting grounds.

Its narrow fairways are bordered with various species of trees such as pines silver birch, wild cherry, beech and centenary oak.

It is very well equipped with 103 fine sand bunkers and also, dense outcrops of brooms, lilacs, ferns and wonderful jennets, which makes the course so attractive and difficult.

DAY

04

Dinner & Night at leisure

# CHAILLY

# GC

**THIERRY SPRECHER  
GERY WATINE DESIGN**

The Golf du Château de Chailly is an 18-hole golf course, par 73 and the length is 6160 meters from the white tees. In 2022, It was named in the top 10 golf course in the Northeast region of France by Fairways Magazine.

The golf course was designed by Géry Watine and Thierry Sprecher who strategically planted many varieties of trees to give the golf course many textures & colours (especially in the fall) and perfectly incorporated the natural stream that meanders the golf course. Although the greens are relatively large, golfers will need to attack the greens strategically as the greens are all raised, very well protected with deep green-side bunkers and some greens with imposing water hazards.

DAY

05
