

## WHAT IS A BBQARM?

BBQARM is the must-have caravan and travel accessory for your outdoor barbecues. Australian designed and built on the Gold Coast, this space-saving innovation simply mounts to your caravan drawbar or rear bar to create a sturdy 'out of the way' place for your BBQ so you can use the extra room to sit back and relax!

With our new TOW-HITCH mount, you can use your BBQARM anywhere you travel with or without your caravan.

**THE AUSSIE MADE BBQARM IS THE MUST-HAVE CARAVANNING AND CAMPING ACCESSORY.**

## EASY SET-UP

THE BBQARM IS SO SIMPLE TO USE, IT'LL LITERALLY TAKE YOU A MINUTE TO SET UP WITH 3 EASY STEPS

1. Place your Universal Drawbar Mount onto your drawbar or rear bar. Using a spanner, tighten the bolts on the back
2. Unwind the handle to loosen the clamp, place in the arm and tighten in place
3. Place your tray onto the square tube at the end of the arm, tighten the locking screw if needed and you are ready to roll

Overall weight (tray, arm & mount) is approx. 8kg. When correctly fitted to your van your BBQARM is rated to carry up to 30kg.

### ARM

Laser-cut and powder-coated galvanised steel tube  
Three lengths:  
450mm, 650mm or 850mm
