

Quick Start for the HOBO® MX2300 Series Data Loggers

- 1** **Download on the App Store** **If you are using an iPhone® or iPad®:** Download HOBOMobile® from the App Store®. **GET IT ON Google Play** **If you are using an Android™ phone or tablet:** Download HOBConnect® from Google Play™.
- 2** Press the button on the logger to wake it up. Open the app. Enable Bluetooth® in your device settings if prompted.
- 3** Tap the Devices icon in the app. (In HOBOMobile, tap Loggers at the top of the screen.) Tap the logger in the app to connect to it. (Press the button on the logger again to bring it to the top of the list if you are working with multiple loggers.) If the logger does not appear, make sure it is within range of your mobile device.
- 4** **In HOBOMobile:** Tap Configure to set up the logger. Choose your logger settings and then tap Start in the upper right corner of the Configure screen. **In HOBConnect:** Tap to set up the logger. Choose your logger settings and then tap to save the settings to the logger.
- 5** The logger will begin logging data based on the settings you selected in the app. Press the button on the logger if you set it up to start logging with a button push. Deploy the logger to the location where you will be monitoring the conditions.
- 6** To offload data from the logger to your device, connect to it and tap Readout in HOBOMobile or tap in HOBConnect. To view, export, and share the data, tap the Data Files icon in HOBOMobile or tap the HOBO Files icon, then , and then in HOBConnect.

For detailed specifications and information about the logger, scan the code at left or go to www.onsetcomp.com/support/manuals/20923-mx2300-manual.

WARNING: Do not cut open, incinerate, heat above 85°C (185°F), or recharge the lithium battery. The battery may explode if the logger is exposed to extreme heat or conditions that could damage or destroy the battery case. Do not dispose of the logger or battery in fire. Do not expose the contents of the battery to water. Dispose of the battery according to local regulations for lithium batteries.
