

Chapters at a Glance

| | | |
|--|-------|-----|
| CHAPTER 1 | | |
| Purpose and Value of Trails | | 1 |
| CHAPTER 2 | | |
| Policies and Regulations Authorizing Trails | | 9 |
| CHAPTER 3 | | |
| Building the Trail Community | | 81 |
| CHAPTER 4 | | |
| Legal Rights and Responsibilities | | 115 |
| CHAPTER 5 | | |
| Trail Design | | 151 |
| CHAPTER 6 | | |
| Environmental Review and Permitting of Trails | | 219 |
| CHAPTER 7 | | |
| Funding Trail Development | | 265 |
| CHAPTER 8 | | |
| Trail Maintenance and Operations | | 299 |

Contents

| | |
|--------------------------------|-------|
| Preface | xvii |
| Contributing Authors | xix |
| Acknowledgments | xxi |
| Conventions | xxiii |

CHAPTER 1

Purpose and Value of Trails / 1

| | |
|---|---|
| Historic and Educational Value | 1 |
| Recreational Value | 2 |
| Health Value | 3 |
| Social Value | 4 |
| Environmental Value | 5 |
| Transportation Value | 5 |
| Economic Value | 6 |

CHAPTER 2

Policies and Regulations Authorizing Trails / 9

| | |
|---|----|
| Federal Regulations Authorizing Trails | 9 |
| National Recreation Trails | 11 |
| Technical assistance • Funding opportunities • Inclusion in the NRT database | |
| National Scenic Trails | 11 |
| Pacific Crest Trail | |
| National Historic Trails | 12 |
| Juan Bautista de Anza Trail • California Trail • Pony Express Trail • Old Spanish Trail | |
| Local Benefits of National Trails Designation | 13 |
| Section 4(f) of the Transportation Act of 1966 | 13 |

| | |
|---|----|
| National Trail System Act, Section 8(d)—“Railbanking Statute” | 14 |
| National Trail System Partnerships | 15 |

State Plans and Regulations

| | |
|---|----|
| Authorizing Trails | 15 |
| State Trails Master Plan | 15 |
| Legislative mandate • California Recreational Trails Plan • Relationship to local trail planning | |
| California Coastal Act | 20 |
| Coastal zone • Regulatory programs • Coastal Public Access Program | |
| McAteer Petris Act | 24 |
| Bay Conservation and Development Commission public access program • Takings law and public access • Compatibility with wildlife habitat | |

Developing Trail and Bicycle/

| | |
|---|----|
| Pedestrian Master Plans | 27 |
| Setting the Stage | 27 |
| Choosing to use trails and bicycle/pedestrian facilities • Gathering and assessing data | |
| Trail Master Plan | 30 |
| Vision and purpose • Mandate • Preparation • Methodology—the planning process • Elements of the plan • Mapping and graphics • Special studies | |
| Bicycle and Pedestrian Master Plan | 40 |
| Bicycle and pedestrian circulation systems • Legislative directives and policies • Purposes and contents | |

| | |
|---|----|
| Gaining Consensus | 49 |
| Public and Committee Involvement | 49 |
| Local, State, and Federal Requirements—Policies, Permits, and Agreements | 50 |
| Procedures for Approval | 51 |
| Interplay with CEQA • Implementation programs | |

Contents

| | |
|--|----|
| Local Plans and Policies | |
| Supporting Trail Implementation | 52 |
| General Plan | 52 |
| Overview • Supporting analysis • Purposes and contents • Mandatory elements • Optional elements • Incorporating the master plan • Goals, objectives, policies, and implementation strategies • Dedications and development fees • Adoption and amendment | |
| Specific Plan | 63 |
| Contents • Planning process • Trail, pedestrian, and bicycle components • Plan and code consistency | |
| Redevelopment Plan | 66 |
| Redevelopment defined • Establishing a redevelopment plan area • Project oversight • Description of the plan • Financing | |
| Zoning Ordinances and the Map Act | 70 |
| Zoning • Trails and the Map Act | |
| Transportation and Air Quality Plans—Congestion Management Programs | 73 |
| Modeling methodologies • Air quality benefits | |
| Preserving Public Rights-of-Way | 77 |
| Researching Existing | |
| Public Access Easements | 78 |
| Accepting an Offer of Dedication | 79 |
| Limits on Offers of Dedication | 79 |
| Conclusion | 80 |

CHAPTER 3

Building the Trail Community / 81

| | |
|--|----|
| Trail Community Defined | 81 |
| Demographics | 81 |
| Ethnicity • Age distribution • Disability | |
| Achieving Equity Through Diversity | 83 |
| Consideration of Age-Based Needs | 83 |
| Consideration of Mobility-Based Needs | 83 |
| Environmental Justice | 84 |

| | |
|---|-----|
| Key Ingredients of a Successful Trail Partnership | 84 |
| Use Established Policies and Plans | 84 |
| Recognize the Varied Functions a Trail Can Serve | 84 |
| Form Inclusionary Partnerships | 85 |
| Develop a Consensus-Building Process | 85 |
| Participants | 85 |
| Trail Champion | 86 |
| Elected Official Commitment | 87 |
| Advisory Committee Participation | 87 |
| Technical advisory committee • Trail plan citizen advisory committee • Bicycle and pedestrian advisory committee • Safe Routes to School task force • Stakeholders • General public | |
| Formal Approval Bodies | 93 |
| Role of Staff and Consultant Team | 93 |
| Administrative support • Multi-disciplinary expertise • Participation in a wide range of meetings | |
| Public Involvement—Reaching Out to the Community | 95 |
| Involving Diverse Populations | 95 |
| Establishing a Framework | 95 |
| Public Meetings | 95 |
| Norms of conduct and ground rules • Keeping the meeting focused • Notification • Formatting options | |
| Additional Outreach Techniques | 100 |
| Public queries • Interactive websites • Mass media outreach | |
| Building Support for the Trail | 103 |
| Events • Seminars | |
| Trail Alliances—Organization and Involvement in the Participatory Process | 103 |
| Initiating a Trail Alliance | 103 |
| Forming a broad-based constituency • Roles and responsibilities • Trail alliance activities • Local government agencies | |
| Focusing the Alliance’s Efforts | 106 |
| Alliance Board of Directors | 106 |
| Recruiting and Retaining Membership | 107 |

Contents

| | |
|--|-----|
| Formalizing Partnerships | 107 |
| Formalizing Agency Partnerships | 107 |
| Resolutions of support • Intergovernmental agreement • Memorandum of understanding | |
| Agency-Private Property Agreements | 109 |
| Formalizing Trail Alliance Partnerships | 109 |
| Establishing a 501(c)(3) nonprofit organization • Staffing the organization | |
| Public-Private Partnerships— | |
| Building a Strong Volunteer Corps | 111 |
| Construction • Stewardship/maintenance • Patrol • Financial support—fundraising | |
| Conclusion | 113 |

CHAPTER 4

Legal Rights and Responsibilities / 115

| | |
|---|-----|
| Determining the Type of Trail Ownership | 115 |
| Owning Trails in Fee | 116 |
| Possessing an Easement Over the Land of Another | 117 |
| Appurtenant easement • Easement in gross • Easement by express grant | |
| Conservation and Open Space Easements | 121 |
| Conservation easement • Open space easement | |
| Implied Dedication | 123 |
| License | 124 |
| Rail Corridor Acquisition and Easements | 124 |
| Ownership • Abandonment • Railbanking • Purchase | |
| Acquiring Land or Easements for Trails | 127 |
| Conditions of Development Approval | 127 |
| Overview of the Map Act • Types of dedications • Conditions not expressly addressed • General plan dedication • CEQA and dedication as mitigation • Constitutional requirements | |
| Purchase of Trail Easements or Corridors | 139 |
| Gifts of Trail Easements or Corridors | 141 |
| Condemnation of Trail Easements or Corridors | 141 |

| | |
|---|-----|
| Drafting an Agreement | 142 |
| Recipient of the Dedication | 142 |
| Construction and Maintenance | 143 |
| Acceptable Trail Uses | 143 |
| Legal Description | 144 |
| Timing of the Dedication | 144 |
| Improvements to Be Constructed by the Developer | 144 |
| Terminating Offers of Dedication | 145 |
| Liability Issues | 147 |
| General Liability Principles | 147 |
| Recreational Use Statute | 147 |
| Public Agency Immunity | 148 |
| Indemnification Agreements | 149 |
| Conclusion | 150 |

CHAPTER 5

Trail Design / 151

| | |
|--|-----|
| Approach to Trail Design | 151 |
| Trail Design Decisions | 151 |
| Fundamental Trail Design Principles | 153 |
| Safety as a primary goal • Linear travel • Shared use • Optimum trail width • Optimum right-of-way • Maximize continuity • Environmental values and mitigations • Universal accessibility • Pleasing and varied experience • Management and maintenance requirements | |
| Understanding Trail Use | 156 |
| Defining Trail Users | 156 |
| Trail uses • Dogs and trails • Seasonal use of trails • Skill levels • Trail use and trail speed | |
| Meeting the Needs of Different Users | 158 |
| Designing to Manage Trail Conflicts | 159 |
| Separation from streets • Single-purpose trails • Separate use zones within one trail | |
| Carrying Capacity—Evaluating the Level of Service/Quality of Service | 160 |

Contents

| | |
|--|-----|
| Conceptual Design | 161 |
| Trail Types | 161 |
| Urban trails • Fire trails • Wildland trails • Sidewalks • On-street bicycle facilities | |
| Trail Settings and Site Characteristics | 164 |
| Regional setting • Effects on setting • Achieving a practical balance | |
| Design Alignment | 171 |
| Linear trails • Loop trails • Spur/connector trails • Trail alignment placement | |
| Detailed Design | 174 |
| Basic Design Parameters | 175 |
| The optimum trail • Tread width • Longitudinal grade and cross slope • Structural section • Soil erosion and water quality • Design speed • Horizontal alignment and curvature • Vertical clearance • Obstructions • Trail signs • Urban trail markings • Walls, fencing, and railings • Bollards, access controls, and safety barriers • Drainage grates and utility covers • Intersection controls • Traffic calming • Engineered structures • Railroads • Additional design considerations • Landscape • Irrigation • Lighting • Green trail design | |
| Federal and State Transportation Guidelines for Detailed Trail Design | 204 |
| USC Title 23, Section 217—Highways • AASHTO Guide for Bicycle Facilities • Federal Highway Administration—Manual of Uniform Traffic Control Devices • California Highway Design Manual—bikeways | |
| Accessibility—Americans with Disabilities Act of 1990 Provisions Guiding Detailed Trail Design | 207 |
| General provisions of the ADA • Access Board accessibility guidelines for outdoor developed Areas • USFS Outdoor Recreation Accessibility Guidelines • Conditions that permit departures from ADA guidelines • Balancing compliance and the natural setting • Where compliance would not be practical • Designing challenging trails | |
| Professional Design Services | 216 |
| Land surveys • Legal requirements • Environmental assessments • Construction plans, detailed drawings, and specifications • Construction oversight | |
| Conclusion | 218 |

CHAPTER 6

Environmental Review and Permitting of Trails / 219

| | |
|---|-----|
| Overview of the California Environmental Quality Act | 219 |
| CEQA's Basic Purposes | 221 |
| Defining the Project—Program vs. Project-Specific | 221 |
| Agency Coordination—Identifying the Lead Agency | 222 |
| CEQA Review of Trails and Trail Plans | 222 |
| Initial Study and Negative Declaration • Environmental Impact Report | |
| Data Collection for Environmental Evaluations | 227 |
| Data collection • Field reconnaissance | |
| Overview of the National Environmental Policy Act | 228 |
| Joint CEQA-NEPA Review | 229 |
| Key Differences Between CEQA and NEPA | 229 |
| Permitting of Trails in California | 231 |
| Approach to Permitting | 231 |
| Independent or Conflicting Objectives | 232 |
| Permitting Agencies and Types of Permits | 232 |
| Corps of Engineers • U.S. Fish and Wildlife Service • National Marine Fisheries Service • State Water Resources Control Board/Regional Water Quality Control Boards • California Department of Fish and Game • State Lands Commission • Coastal Commission • San Francisco Bay Conservation and Development Commission • Department of Toxic Substances Control • Department of Transportation • Local Regulatory Jurisdictions | |
| Environmental Conditions Affecting Trail Development, Review, and Permitting | 248 |
| Biological Resource Issues | 248 |
| Wetlands • Wildlife and endangered or sensitive species | |
| Hazardous Materials and Brownfields | 250 |
| Investigation and clean-up • Mitigation measures | |

Contents

| | |
|--|-----|
| Geotechnical Feasibility | 251 |
| Soil composition • Seismic issues • | |
| Underlying mineral resources | |
| Hydrology and Water Quality | 252 |
| Water quality • Trails near streams • | |
| Trails on levees • Flooding | |
| Traffic and Circulation | 254 |
| Intersections • Parking • Trail safety issues | |
| Historic and Cultural Resources | 256 |
| Public Health and Safety | 256 |
| Personal safety • Wildland fire hazard zones • | |
| Utility corridors • Vector-transmitted disease | |
| Land Use | 261 |
| Other Topics | 261 |
| Air quality • Climate change • | |
| Noise • Utilities and services | |
| Conclusion | 263 |

CHAPTER 7

Funding Trail Development / 265

| | |
|---|-----|
| Need for a Multi-Faceted Funding Strategy | 265 |
| Advance Planning to Take | |
| Advantage of Future Funding Options | 267 |
| Funding Trends | 267 |
| Proposition 84 • Proposition 1B • | |
| Proposition 1C | |
| Developing a Strategic Implementation Plan | 268 |
| Federal, State, and Nonprofit Funding Options | 270 |
| Federal Funding Sources | 270 |
| National Park Service Rivers Trails and Conservation Assistance Program | 271 |
| Statewide Trails Office | 271 |
| Rails-to-Trails Conservancy | 271 |

| | |
|--|-----|
| Funding Strategies to Acquire Land for Trails | 272 |
| General Plan as a | |
| Framework for Funding | 272 |
| Exactions and Development Fees | 273 |
| The Quimby Act • Developer fees | |
| Special taxes and assessments | 274 |
| Mello-Roos special taxes • Special assessments | |
| Comparison of Special Assessments and Mello-Roos Special Taxes | 278 |
| Other Special Taxes | 279 |
| Parcel tax • Sales tax • Bonds and initiatives | |
| Redevelopment as an Implementation Tool | 280 |
| Gifts of Trail Land | 281 |
| Strategies for Funding Trail Construction | 281 |
| Determining the Cost of Construction | 281 |
| Funding Construction | 283 |
| Using Grants to Augment | |
| Local District and Agency Funds | 284 |
| Monitoring grant opportunities • Technical workshops • Grant application process • | |
| Completing the grant application • Review process • Grant compliance once awarded | |
| Strategies for Managing and Maintaining the Trail | 292 |
| Linking Planning and Ongoing Maintenance | 292 |
| Funding Long-Term Maintenance and Operations | 293 |
| Generating/Collecting Local Revenues | 294 |
| Utility infrastructure partnerships • Bridge toll revenue • | |
| Events • Corporate sponsorships • Trail fees | |
| Role of Nonprofit Organizations, Individual Volunteers, and Donors | 296 |
| Fundraising • Gifts • Volunteer labor and patrols | |
| Conclusion—Supplementary Funding Sources That Local Agencies Use Most | 298 |

Contents

CHAPTER 8

Trail Maintenance and Operations / 299

| | |
|---|-----|
| Designing Trails with Maintenance in Mind | 299 |
| Establishing Standards | 299 |
| A “Standard Level of Care” | 299 |
| Maintenance and Operations Management Plan. | 301 |
| Managing Trails for Multiple Uses and Skill Levels | 302 |
| Managing for Desired Uses | 302 |
| Anticipating desired user experiences • Providing for a range of different activities and skill levels • ADA compliance • Managing conflicting uses • Dog use management • Directing and controlling use | |
| Safety and Security | 311 |
| Personal safety • Security and privacy of adjacent landowners • Public services—fire, police, surveillance and response | |
| Maintenance and Operations Management Plan | 313 |
| Information and Tracking | 314 |
| Inspection and inventory • Developing a trail maintenance field log | |
| Establishing Trail Maintenance Priorities—Essential and Non-Essential Tasks | 314 |
| Essential tasks • Nonessential tasks | |
| Maintenance activities | 316 |
| Trailheads, staging areas, and service amenities • Trail surface maintenance • Roads, bridges, and tunnels • Vegetation management • Special landscape maintenance considerations • Irrigation • Special maintenance considerations | |
| Maintenance and Environmental Compliance | 332 |
| Resource considerations • Biological sensitivity • Soil and slope sensitivity • Aesthetics • Paleontological and archaeological resources | |

| | |
|--|-----|
| Trail Staffing—Roles, Responsibilities, and Training | 337 |
| Determining staffing levels • Managers responsible for trail and bikeway system • Patrol and maintenance • Staff training • Other work partnerships—California Conservation Corps • Nonprofit organizations and volunteers • Independent contractors | |
| Scheduling and Timing of Maintenance | 346 |
| Routine maintenance • Annual maintenance • Cyclic trail replacement projects • Deferred maintenance projects | |
| Maintenance Equipment and Vegetation Management Tools | 348 |
| Maintenance equipment • Vegetation management tools | |
| Budgeting to Meet Annual and Cyclical Requirements | 348 |
| Annual budget • Estimating costs | |
| Conclusion | 353 |
| Short Articles | |
| Historic Trail Causeway | 2 |
| Kaiser Permanente Thrive Program | 3 |
| National and State Trail Contact Information | 15 |
| California Coastal Trail and San Francisco Bay Trail | 21 |
| Marin County's Safe Routes to School Program | 46 |
| Tips for Incorporating a Trail Plan into the General Plan | 60 |
| Incorporating Trail Policies and Routes into the General Plan | 62 |
| Downtown Alley Walk—An Integrated Pedestrian Network | 69 |
| Benefits of Bicycle Commuting | 77 |
| Trail Champions—Trails for Richmond Action Committee. | 86 |
| Supervisor Greg Cox—Political Champion for the San Diego Bayshore Bikeway | 87 |

Contents

Short Articles continued

| | |
|--|-----|
| The Brown Act | 98 |
| Public Opinion Research | 100 |
| City of Novato Online Trail Questionnaire | 101 |
| San Francisco Bay Trail Publicity | 102 |
| Bay Area Ridge Trail Mission Statement and Goals | 104 |
| Bay Area Ridge Trail Nonprofit Structure | 109 |
| International Mountain Biking Association-Subaru Trail Care Crew Partnership | 110 |
| Bay Trail Nonprofit | 111 |
| Questions to Consider Prior to Drafting a Trail Easement | 118 |

| Traffic Calming and Trails | 192 |
| Trails and Railroads | 195 |
| Water-Related Systems in California | 200 |
| Benefits of Rubberized Asphalt Concrete | 204 |
| Trails, Green Design, and Sustainability | 205 |
| Highway Design Manual—Mandatory Minimum Standards for Bike Paths | 207 |
| Which standards and policies govern? | 208 |
| The Trail—Is It a Ramp? | 209 |
| Where do I obtain ADA guidelines? | 209 |
| ADA Standards for the Outdoor Environment | 211 |
| Universal Trail Assessment Process | 214 |

Short Articles continued

| | |
|--|-----|
| CEQA and NEPA Resources | 222 |
| Required Contents of a Negative Declaration and Mitigated Negative Declaration | 224 |
| Required Contents of an EIR | 226 |
| Opportunities for Public Access in Conjunction with Wetland Restoration | 249 |
| East Bay Regional Park District Fire Weather Operating Plan | 259 |
| Online Funding Databases | 270 |
| Forming an Assessment District and Imposing a Special Assessment after Proposition 218 | 275 |
| Tailored Park and Trail Maintenance Assessment District | 276 |
| Charter Amendment for Parks and Trails | 277 |
| Santa Clara County’s Use of Local Bond Measure to Fund Trails | 279 |
| Ivan Dickson Volunteer Trail Maintenance Program | 297 |
| California’s Child Helmet Law | 313 |
| Finding Landscape Technical Assistance | 321 |
| Tahoe Rim Trail Construction and Maintenance Volunteer Program | 346 |
| East Bay Regional Park District Volunteer Trail Safety Patrol Program | 348 |
| Rail-Trail Survey of Annual Maintenance and Operations Costs | 353 |

Figures

| | |
|--|-----|
| 2-1 2002 California Trail Corridor Map | 19 |
| 2-2 Oakland Waterfront Trail | 38 |
| 5-1 Typical Multi-Use Trail Cross Section | 163 |
| 5-2 Typical Bike Lane Cross Sections with Parking | 165 |
| 5-3 Typical Bike Lane Cross Sections with Parking Prohibited or Restricted | 166 |

Contents

Figures continued

| | |
|--|-----|
| 5-4 Trail Structure—Level | 176 |
| 5-5 Trail Structure Cross Slope | 177 |
| 5-6 Trail Structure Terminology—Longitudinal Grade | 177 |
| 5-7 H ₂ O Service/Utility Vehicle Load | 182 |
| 5-8 Tree Planting | 198 |
| 6-1 Overview of the NEPA Process | 229 |
| 8-1 Sample Water Conservation Concept Statement | 330 |

Tables

| | |
|---|-----|
| 2-1 Sample Trail Implementation Guide | 37 |
| 2-2 Trail Policy Ideas | 61 |
| 2-3 Regional Bikeway Completion Progress | 76 |
| 2-4 Census Journey to Work by Bike Trends | 76 |
| 3-1 Interests, Concerns, and Potential Benefits Stakeholders Can Bring to the Trail Plan | 91 |
| 3-2 Public Involvement Techniques | 97 |
| 3-3 Public-Private Partnerships: Respective Roles, Benefits, and Limitations | 106 |
| 4-1 Sample Dedication Standard Calculations | 131 |
| 4-2 Map Act Definitions of “Design” and “Improvement” | 135 |
| 5-1 Trails and the Natural Setting | 168 |
| 5-2 Optimum Trail Tread Widths | 178 |
| 5-3 Preferred Trail Surface by Type of Trail User | 181 |
| 5-4 Recreation Opportunity Spectrum | 213 |
| 5-5 International Mountain Biking Association Trail Difficulty Rating System for Challenging Trails | 215 |
| 6-1 Comparison of NEPA and CEQA Document Types | 230 |
| 6-2 Potential Regulatory and Administering Agencies and Responsibilities | 233 |
| 6-3 Sample Best Management Practices | 239 |
| 7-1 Generalized Trail Construction Costs for Pedestrian, Bikeway, and Trail System Facilities | 283 |

Tables continued

| | |
|---|-----|
| 7-2 Finding the Right Grant | 285 |
| 7-3 Agencies Use of Selected Funding Sources | 298 |
| 8-1 Establishing a “Standard Level of Care” | 302 |
| 8-2 Trail Experience Levels | 304 |
| 8-3 Trail Maintenance Field Log | 315 |
| 8-4 Trail Maintenance by Trail Surface Type | 319 |
| 8-5 Landscape Maintenance Considerations | 323 |
| 8-6 Conditions Warranting Seasonal Trail Closure | 333 |
| 8-7 Conditions Warranting Permanent Trail Closure | 334 |
| 8-8 Guidelines for Allocating Staff Resources to Trail Maintenance and Operations | 339 |
| 8-9 Volunteer Support | 345 |
| 8-10 Maintenance Program for Pedestrian, Bikeway, and Trail System Facilities | 350 |
| 8-11 Vegetation Management Tools | 352 |

Appendices

| | |
|--|-----|
| Appendix A Environmental Checklist | 357 |
