Aunt Lyn's Healthy Ears

Made especially for dog's tender ears, this product is a dual-purpose essential oil blend to be given when irritation and other bothersome issues develop in your dog's ears, such as mites or infection. This product may also be given monthly as a preventative measure to keep the ears in optimal health.

To Maintain Ear Health

- Lightly clean the ear with a few drops of **Aunt Lyn's HEALTHY EARS** to loosen debris and cleanse the ear. Then place 3 drops of **Aunt Lyn's HEALTHY EARS** into the ear canal. Tilt the dog's head while you massage the dog's outer ear so oil moves down the ear canal. We recommend performing this monthly however, some dogs may need more frequent applications if prone to ear infections.

In Cases Where Ear Infection or Irritation Exists

- Clean ear gently with a few drops of **Aunt Lyn's HEALTHY EARS**. Apply 3 drops, twice daily, into the entrance of the ear canal. Tilt the dog's head while you massage the dog's outer ear so oil moves down the ear canal. If there is no improvement after a few days, please consult a veterinarian.
