Aunt Lyn's Relieve the Itch

A holistic canine anti-histamine solution used to "relieve the itch" that comes from skin allergies, irritations or insect bites. **Aunt Lyn's RELIEVE THE ITCH** is a proprietary product that works in three ways. Topically, it deters your dog from licking, gnawing or scratching the affected area. It's unique essential oil blend has properties that help aid in the healing process. Lastly, it has been given orally to help combat the symptoms internally and counters the affects these allergens have on your dog's immune system.

DOG'S WEIGHT

Pounds

5 - 10

11 - 50

51 - 100

DOSAGE

of Drops

1 drop

2 - 3 drops

3 - 6 drops

After one week of use, stop administering the drops for a minimum of 4 days to allow your dog's own immune system to respond. Then, repeat the cycle of 7 days on, 4 days off, as necessary throughout the allergy season.

For Topical Itch Relief:

- Using the fine mist sprayer, spritz the area that is causing your dog's itchiness or irritation. Signs can include licking, gnawing or scratching on one or more areas on his or her coat. For example, if the affected area is your dog's paws, apply up to 5 drops between the toes and on the pads and massage in. Repeat daily morning and evening. If the condition does not improve or worsens after a week, please consult a veterinarian.
