

The Little Finery

KATIE LARMOUR IRISH LINEN

CARE INSTRUCTIONS

Love the feel, feel the love and treat with love...

Treat our Irish linens with care and they will care for you for years to come.

The cushions have discreet concealed dress zips to allow easy insert removal for laundering. Linens should be hand washed in cool water with a gentle detergent, reshaped whilst damp and line dried away from heat. Items may be ironed on a low heat if necessary.

Loose strands may occur over time on our frayed, raw edges; these can be maintained with a light trim.

.Petals on the Antique Rose cushion should be ironed flat, gently scrunched for volume in the centre and then folded back as you please for a relaxed look.

Alternatively our linens may be specialist dry cleaned.

We would love to hear your feedback and offer any assistance:
