

HITLIGHTS®

12V 25 Watt U-Series Dimmable Driver

Our U-Series Dimmable offer an elegant control and permanent dimming solution for LED light strip projects.

Allows brightness level control of LED light strips together with a compatible dimmer switch mounted in wall.

Our U-Series drivers feature a super slim design ideal for small applications and areas where its not so easy to hide regular sized dimmable drivers

KEY FEATURES

- Flicker Free
- Slim Compact Design
- ETL-Listed
- Superior Dimming Performance
- 6 Years Warranty

SPECIFICATIONS

PWR-12V-024-30-D

Input Voltage:	120 - 125 VAC (108 ~ 132VAC), 50/60Hz (47 ~ 63Hz)
Output Voltage:	12V DC, 25 Watts
Dimension:	154 x 54 x 19 mm (6-1/16 x 2-1/16 x 13/16 inches)
Protections:	Short circuit, Thermal Runway, and Over Temperature
IP Rating:	IP20
Connection Type:	Hard-Wired
Efficiency:	≥81% @ 120VAC max load
Dimming Range:	0-100%
Warranty:	6 years
Certifications:	FCC, ETL-Listed, Class 2
