

RGB CSP LED Strip 840 LED IP67

Product Features

- CSP LED Strip (new generation)
- Real Red, Green, and Blue color
- Cost-effective alternative to COB Strip
- New LED encapsulation technology
- 50,000 hours lifetime
- 6 Year Warranty

Safety Input Voltage: DC 24V

Each section measures 33mm and can be cut at the marked "black line" symbols.

The length tolerance of the LED strip is $\pm 0.2\%$, and the width tolerance is $\pm 0.2\text{mm}$.

LL2624V-RGBC3-1667-U Specifications

SKU	L2624V-RGBC3-1667-U
LED Chip Type	CSP
CCT	RGB
Beam Angle	180°
Wattage/meter	12W/m

L2624-RGBWC3-1630-U Specifications

Length	16.4ft
Width	10mm
Light Efficacy	49 Lm/m
Lumen Output/meter	588 Lm/m
Input Current	0.5A/m
Input Voltage	24V DC
Voltage Power/m	12W/m
Static Electricity	1000V (ESD)
LEDs/meter	840 LED
Section size	50mm
LEDs per section	42 LEDs
Energy grade	A+
Warranty	6 years
Lifetime	50,000 hours
Working humidity	40%-70%RH
Working temperature	-20°C ~ 45°C
IP Rating	IP67 Outdoor

LED strips can be used in a variety of settings as decorative lighting or backlighting. Ideal applications include ceiling troughs, staircases, hallways, billboards, advertising signs, bridges, shop windows, and cabinets.
