| 4. creativity | 8. curiosity | 12. integrity |

IB/PYP Attitudes

The **IB/PYP Attitudes** are an important focus in the development of positive attitudes towards people, the environment, and learning.

These colorful posters are visual reminders for students of these important attitudes – perfect for your PYP bulletin board, but useful in any primary classroom. This package also includes a lotto game and a formative test for matching words to definitions. Lotto game cards are self-checking: when the color of the background on the definition card matches the child's shirt, the answer is correct!

"Attitude is a little thing that makes a big difference."
— WINSTON CHURCHILL
