

# The Envelope Game

**Physical Activity Task Cards**

- Do 10 jumping jacks
- Touch your toes 10 times
- Clap your hands above your head 10 times quickly
- Stand on one foot for 10 seconds and balance
- Skip and hop in place

**Sight Words Two**

- why
- know
- again
- were
- friend
- been

**Sight Words One**

- your
- play
- want
- orange
- said
- here

**Easy Subtraction Task Cards**

- $10 - 3 =$
- $6 - 5 =$
- $9 - 7 =$
- $5 - 4 =$
- $6 - 3 =$

**Easy Addition Task Cards**

- $3 + 2 =$
- $7 + 3 =$
- $5 + 2 =$
- $4 + 4 =$
- $3 + 4 =$

**Roll the Dice Rules**

This game is fun and easy to play. Post the six number cards around the room. They can be posted there permanently, so the game can be played at any time. Choose the four corners, by the windows, by the door, by the teacher's desk, anywhere. Ask students to walk and stand under any number. When all the students have selected their spot, everyone must freeze! Teacher rolls the dice and whatever number comes up, all students standing under that number must sit down. Repeat until a single student remains. Celebrate the fun and applaud the winner.

### Connect and Color

Connect the dots to find out where the bear is sleeping, then color your picture.
