

# ThermoFlask®

## CHUG LID O-RING INSTALLATION INSTRUCTIONS

### CONTENTS

2 Chug Lid O-Rings (1 Large, 1 Small)

The Large O-Ring fits in the ThermoFlask Chug Lid.

The Small O-Ring fits in the drinking spout cap of the ThermoFlask Chug Lid.

### INSTALLATION

- 1 Remove existing O-Rings from Chug Lid.

**Tip:** Use a toothpick and gently insert the pointed side between the O-Ring and inner circle area to create a gap and separate the O-Ring from the cap.

Follow the movement of the circle with the toothpick and the O-Ring will pop out.

- 2 Place the new O-Rings, flat side down, into the open areas.

**Tip:** Use the flat end of a toothpick and gently press the O-Rings into place.

Large O-Ring (Lid)

Small O-Ring (Drinking Spout Cap)
