

### 04-08 Ford F-150 Supercab & SuperCrew 06-08 Lincoln Mark LT *Underseat Storage*

*Fits DU-HA Part Numbers*  
20004  
20005  
20006  
20012

#### Materials Needed:

- // 10mm socket
- // 13mm socket

#### Installation Instructions:

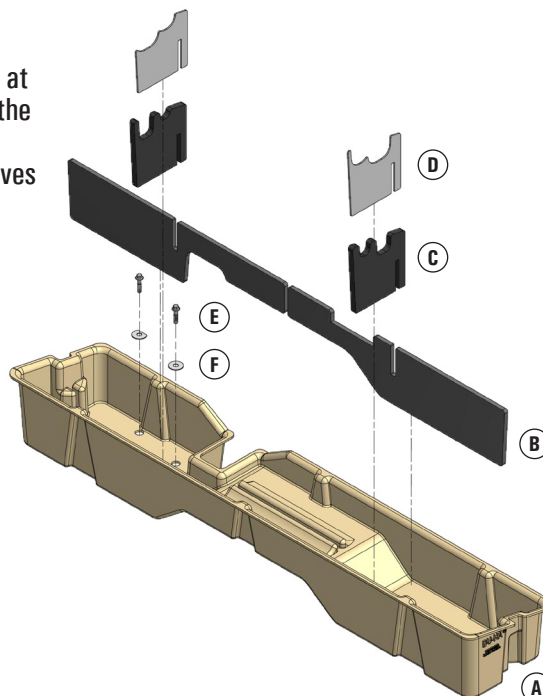

- 1 Flip up the bottoms of the back seats.
- 2 Remove jack from under back seat and remove bracket that holds jack in place using a 10mm socket.
- 3 Slide driver's side end of DU-HA against seat bracket. Snap other side of DU-HA around passenger's side seat bracket. (You may have to bend side inward to snap into position.)
- 4 Secure DU-HA to floor of truck using provided bolts and washers with a 13mm socket.
- 5 Install dividers by sliding them into the slots at the ends and the bottom of the DU-HA. Install the foam organizer/gun racks with the plastic stiffeners by sliding them onto dividers (as pictured).
- 6 Place jack inside the DU-HA on the driver's side of truck and place jack handles behind the DU-HA. You may also place the jack underneath the truck on top of the spare tire or place the jack and jack handles in the rear door compartment of the SuperCrew.

#### Safety Instructions:

**Warning:** Seat bottom must be latched down at all times while vehicle is moving. Make sure the DU-HA is secured in the vehicle according to installation instructions. Do not store explosives or hazardous materials in the DU-HA. Do not place loaded guns in the DU-HA.

For further instructions refer to truck owners manual or contact DU-HA, Inc.

**Helpful Hint:**  
The jack can also be stored underneath the truck, on top of the spare tire, to free up space in the DU-HA.

First wrap the jack in a plastic bag or cloth, to keep it from getting dirty. Then, lower the spare tire (per instructions on jack tools) from under the truck and set the jack on top, as pictured. When finished, reel tire back up.

Part	Description	Qty
A	DU-HA Storage Unit	1
B	Divider	2
C	Foam Organizer / Gun Rack	2
D	Plastic Stiffener	2
E	Bolt 20004,05,06,12	2
