PARTNERS

A SPECIAL THANK YOU TO

THE RING MASTERS

CIRCLE IS A **BASSBUS** PRODUCTION, BROUGHT TO LIFE IN COLLABORATION WITH **VILLAGE BREWERY & YYCFOODTRUCKS**

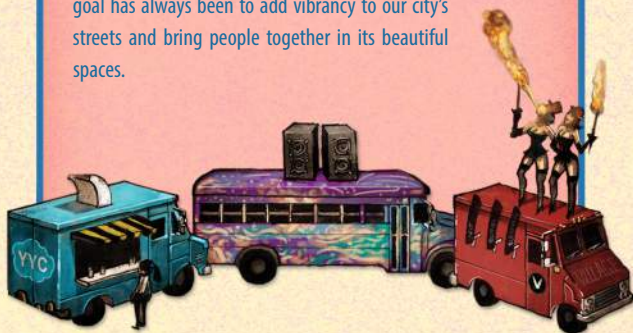

We are a group of creators, thinkers, and innovators who are passionate about creating events and spaces for people to gather, connect, and celebrate. BassBus grew from a love of musical, artistic events around the world. Parties, shows and festivals are a delicate balance of passion and priorities, and we love nothing more than getting our hands dirty and finding the perfect blend of creativity and practicality. We're a team and even more so, a family dedicated to the mindful expansion of art and community.

Some of the best things happen over beer. Ideas are born, friendships forged, deals struck, communities built. That's how Village Brewery began, friends sharing beers and dreams. A brewery that would support Calgary's artists and craftspeople. A brewery that would create the excellent ales and lagers our friends and neighbors deserve. Please join our table, lift a pint and salute your Village.

YYCFoodTrucks took off in late 2010 in an effort to kickstart street food culture in Calgary. Though we started in a kind of Wild West, with no existing program or template for mobile street food, our fair city's appetite for the idea was immediately clear. Calgary has quickly become a Mecca for innovative food culture. Our organization and the vendors we support are constantly growing and executing locally made, sustainable food in a fun and professional way. Our goal has always been to add vibrancy to our city's streets and bring people together in its beautiful spaces.
