

**DIGITALHOME**

Helping you live smartly.

## COMPANY PROFILE

Digitalhome offers a wide array of products and solutions that revolutionizes the smart home model for every Filipino family since we all deserve a more effortless, secure, and safer lifestyle in our homes.

## ABOUT US

---

Digitalhomeph Incorporated is your partner in making your home and office smarter with smart technology and end-to-end automation solutions. We provide smart home products from your gates to locks, doorbells, curtains, blinds, lights, and sockets to your security system. Driven by a young, dynamic team, the company focuses on providing innovative and the latest smart home technology with reliable and timely support. Our business model is strongly based on creating an efficient support team to assist homeowners in designing, installing, and configuring the smart home system into their homes and offices, with dependable aftercare support.

Established in 2017 as the pioneer of Smart home distributors in the Philippines with physical stores located in Taguig City and Cebu City, with the latter as our main office.
