

## FIND YOUR RING SIZE

Finding your ring size can be a bit tricky, but we've got you covered. These methods will help you find the perfect fit. Make sure to print this PDF at 100% accurate sizing.

Confirm if the length of your creditcard lines up, or measure the bars below to make sure they're exactly 1 inch or 30mm.

## OPTION I: RING SIZER

1. Cut out the ring sizer and make a small cut on the dotted line.
2. Wrap the ring sizer around your desired finger and insert the end trough the opening.
3. The number that appears next to "read size here" is your ring size.
4. If your size falls between two sizes, order the bigger size.

## OPTION II: MEASURE YOUR RING

1. Choose a ring that already fits your finger.
2. Place it over the circles and match the inside of the ring to the circle closest in size.
3. If your ring falls between two sizes, order the bigger size.
