

---

Sizing yourself for a connected bracelet is vital for its fit and comfort. Please use our printable ruler to determine your fitted wrist measurement. The measurement should be **fitted**. Don't worry! We will add some slack to the bracelet to ensure that it fits perfectly! Trust us! We've made thousands. You can submit your precise measurement when finalizing your purchase.

Please do not add any additional length to your exact measurement, if it is too large, you could risk losing the bracelet or it being an uncomfortable fit.

It's with great pleasure that we produce a perfectly sized and energetically balanced bracelet. We look forward to creating your piece. Welcome to the **Q&C** family and as always continue to CREATE YOU!

*This page should be printed at 100%. Do not scale down the size as this will affect your measurement!*
