

BLACK JACK CABLES ARE BUILT TO BE ROCK SOLID!

We use highly flexible cable, capable of withstanding the needs of the most demanding musician.

Our jack and XLR connectors, as well as the connector caps, are made of heavy duty steel. Mounting a thick shrink tube strain relief provides extra strength where it is needed most: directly behind the connector. Also, it protects the soldering contacts from being affected by corrosion.

Without any doubt, we are proud to say:

BOSTON BLACK JACK CABLES - ROAD READY!

MICROPHONE CABLES

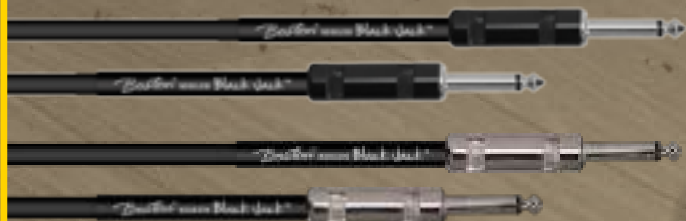

3 conductor microphone cable with all metal connectors

MC-230	XLR-female to 6.3mm jack mono	5m	10m		
MC-235	XLR-female to 6.3mm jack stereo	5m	10m		
MC-240	XLR-male to 6.3mm jack mono	1m	2m	5m	10m
MC-245	XLR-male to 6.3mm jack stereo	1m	2m	5m	10m
MC-220	XLR-male to XLR-female	1m	2m	5m	10m

INSTRUMENT CABLES

2 conductor instrument cable with all metal connectors

GC-220	6.3mm jack mono to 6.3mm jack mono	1m	3m	6m	
PC-220	6.3mm jack mono to 6.3mm jack mono	0.15m	0.5m		

SPEAKER CABLES

2 conductor (2x1.5mm²) speaker cable with heavy duty connectors

SC-210	6.3mm jack mono to 6.3mm jack mono	1m	2m	5m	10m
SC-220	speakon to 6.3mm jack mono	1m	2m	5m	10m
SC-230	speakon to speakon	1m	2m	5m	10m
