

# Terry's Materials and Equipment list

#### **PAPER**

For most of my paintings I have used Bockingford 140lb / 300gm Rough surface paper. The paper size for all of the projects is ¼ imperial, 11ins x 15ins

#### **PAINTS**

Use the best quality paint you can afford, it's well worth paying the extra for Artists' quality. I use Daler Rowney 15ml tube paints.

Here is a list of the colours I use in my paintings.

- Ultramarine
- · Cobalt Blue
- · Phthalo Turquise
- Cadmium Yellow
- Raw Sienna
- · Burnt Sienna

- Burnt Umber
- · Cadmium Red
- · Permanent Wild Rose
- Bluebell
- Shadow

#### Terry's 3 Greens

- · Midnight Green
- · Country Olive
- Sunlit Green

#### **TERRY'S PALETTE**

My palette has a clip on lid that helps keep the paint from drying out and 3 separate mixing areas to keep the colours fresh.

#### **MASKING FLUID**

This is used to mask off detail you want to retain white. You will need an old brush to apply the masking fluid.

## **PENCIL**

A 2B pencil is the best for sketching and drawing.

## **CREDIT CARD**

Use a plastic card to create the texture when painting rocks and cliffs.

#### **MASKING TAPE**

I use masking tape to fix the paper to my drawing board.

# **BRUSHES**

I have designed my own range of brushes, made to make painting easy. These brushes are used throughout the tutorials. A full description and how to use them can be found in the free tutorials section of this site and can be purchased on my store website in the brush section.

- Golden Leaf
- Summer Foliage
- Foliage PX
- Fan Gogh
- Fan Stippler
- Wizard
- Half Rigger
- · Large Detail Brush
- · Medium Detail Brush

- Small Detail Brush
- Masking Fluid Brush
