

MAWA

Technical Specifications:

Max Input Voltage : 40V

Max Current Draw: 100A

Number of input battery: 2 (with separate current and voltage reading)

12 V output , up to 3A | Connector type : Molex CLICK mate 5024940270

2 x 5V output , each up to 3A | Connector type : Molex CLICK mate 5024940670

ON/OFF switch with fixation | Connector type :DF13A-2P-1.25H

Note: Battery terminals are connected parallel.

Note: ON/OFF switch disconnects and connects the battery from the whole system.
