Go to www.brilliantsmart.com.au for full instructions and features.

Warranty

Brilliant Lighting warrants this product against defects in manufacture and workmanship for a period of 2 years from date of purchase. Warranty does not include damage or loss arising from incorrect installation, operation or maintenance of this product, damage caused through modification, or incorrect installation.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

Any claim under this warranty must be made within 2 years of the date of purchase of the product.

Refer to our website brilliantlighting.com.au for terms and conditions and warranty claims.

Corymbia Smart RGB Garden Kit
6 Pack   20958/06

INSTRUCTION MANUAL

Installation

BEFORE INSTALLATION PLEASE CHECK THAT THE LOCATION OF THE SMART WIFI CONTROLLER IS WITHIN RANGE OF YOUR HOME WIFI AND THE SIGNAL IS STRONG.
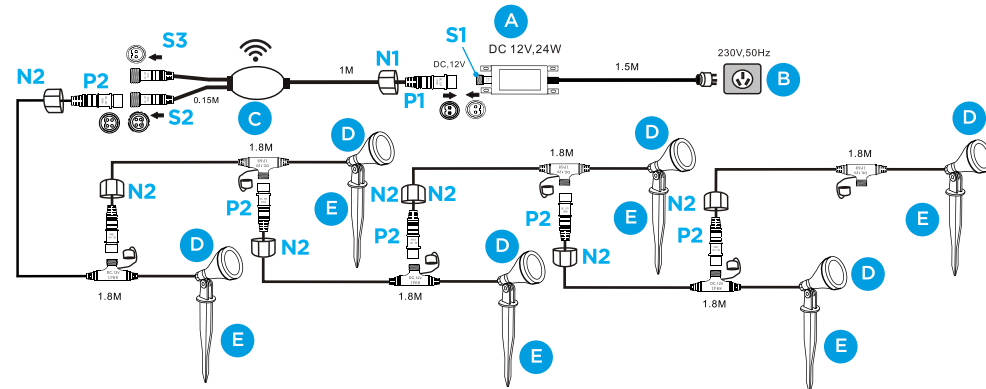

Before first using your new WiFi Garden Kit it is most important that you read and follow these instructions, even if you feel you are quite familiar with this type of product. Keep this document handy for future reference.

CAUTION:
- **If you are in any doubt as to the installation of this product, please consult a qualified electrical contractor before proceeding.**
- This product works on 12V DC extra low voltage.
- Total wattage of lights must not exceed the wattage of the power supply
- There are no user serviceable parts within this kit.
- When Spiking into the surfaces into which the lights are to be mounted, care must be taken to ensure you do not damage electrical wiring and other hidden utilities.

Installation
1. Carefully unpack the fitting and dispose the packaging thoughtfully.
2. Position the Transformer **'A'** near a convenient weatherproof or indoor power outlet **'B'**.
3. Connect the 2 PIN Plug **'P1'** of the WiFi Controller **'C'** into 2 Pin Socket **'S1'** on power supply **'A'** and secure it with locking nut **'N1'**. Ensure the connection is firm and secure.

4. Position the WiFi Controller **'C'** into a suitable shaded location ensuring that the LED indicator faces upwards.
5. Select the locations for all RGB light heads **'D'**. Assemble mounting spike **'E'** to RGB Garden light heads **'D'** with supplied bolt and nut.
6. Connect the nearest RGB Garden light head **'D'** into WiFi Controller **'C'** with 4 PIN Plug **'P2'** into 4 pin Socket '**S2'** and secure it with locking nut **'N2'**. Connect the other five RGB Garden light heads **'D'** together with the first RGB Garden light head **'D'** with 4 PIN Plugs **'P2'** and locking nuts **'N2'**. Ensure all connections are firm and secure.
7. Plug the Transformer into the power outlet **'B'** and turn on.
8. Once happy with product installation, continue with BrilliantSmart App.

A. Transformer
B. Power point
C. Smart WiFi controller
D. RGB LED head with 1.8m cable
E. Plastic spike
S1. 2 pin socket
S2. 4 pin socket (RGB lights)
S3. 2 pin socket
(single colour lights sold separately)
    P1.   2 pin plug
P2. 4 pin plug
N1. Controller cable locking nut
N2. Light cable locking nut

Connect to your WiFi

Ensure your mobile phone is connected to your 2.4GHz WiFi network.

Your mobile phone and your smart device needs to be within good signal strength range of your WiFi router. (Refer to your router specifications for max range.)

Download the BrilliantSmart App

Please download the free BrilliantSmart app from the App store or Google Play store, or scan the QR code below.

Register the BrilliantSmart App

Open the BrilliantSmart app.

For new users, register a new account or if existing user, login with your user name and password.

Configure your BrilliantSmart App

Setting up your Home
You can setup multiple homes or locations. Click **'Add Home'** button. Or click on **'Home'** top left if you are adding or modifying details then **'Home Management'** to setup your home(s), add or rename rooms and share devices.

Add your Smart Device to your App

Once you have connected the garden lights to the controller & transformer you can proceed.
1. On initial power-on, the controller & garden light will begin blinking rapidly and be ready to pair (2 times per second).
(If garden light kit does not start blinking, turn wall switch OFF/ON until light starts to blink rapidly.)
2. Open the BrilliantSmart App, tap **'Add Device'** (if empty room) or **'+'** to add your smart garden light kit.
3. Select **'Lighting Devices'** in the list of devices.
4. If device is blinking rapidly then press **'Confirm indicator rapidly blink'.**
