

# PUSH BUTTON LED TRAILING DIMMER

## Product Features

- Soft start
- Overload protection & short circuit protection
- Easy to mount in most Australian plates
- Suitable for dimming dimmable LED globes, incandescent globes, high voltage halogen globes, electronic transformers with low voltage halogen globes
- Long press dimming button to dim
- Short press dimming button to on/off
- Comes with 2 face caps round & square edged to suit most Australian plates
- IP rating: IP20
- 3 year replacement warranty

## Programming

### Minimum brightness setting

- (1) Remove the top cap
- (2) Long press programming button until LED flashes slowly
- (3) Long press dimming button to set level
- (4) Double press dimming button to exit programming mode

### Maximum brightness setting

- (1) Remove the top cap
- (2) Long press programming button until LED flashes, short press programming button, until LED starts to flash fast
- (3) Long press dimming button to set level
- (4) Double press dimming button to exit program mode

## Technical Data

<b>Rated voltage &amp; frequency</b>	220-240V AC 50Hz
<b>Rated Power</b>	5-350VA
<b>Hi-Pot</b>	Applying 3KVrms voltage between the surface of the button of the unit against its opening ends of two fly wires which are electrically connected together, the unit will not have trigger current higher than 1mA during the 1 minute test duration
<b>Environmental Requirement</b>	Ambient temperature: 0 to 40°C Operating humidity: 10% to 95% RH, no condensing Storage temperature: 0 to 60°C Storage humidity: 10% to 95% RH, no condensing
<b>Altitude</b>	This product can only be operated at less than 2000 meters above to sea level
<b>RoHS</b>	The European Directive 2011/65/EU RoHS Compliance required
<b>Reach</b>	The European Union directive 1907/2006/EC Compliance required
<b>Life time of rotary button</b>	Min. 20,000 cycles
<b>Wiring Practices</b>	Comply with AS/NZS 3133
<b>Logo of certification</b>	CE, RCM
<b>Size</b>	23.5mm x 23.5mm x 44.3mm (W x L x H)
