

The Girl Guide Store Sizing Guide

SIZING and FIT:

GGC's sizes range from item to item. The charts below show finished GARMENT measurements. To assist in obtaining a good fit, the type of fit has been indicated on the following charts for each garment.

- "Fitted" is more shapely and fits closer to the body.
- "Relaxed" is a straighter cut fit.

Youth Sizing is made for youth fit.

Adult Sizing includes a longer sleeve length, larger sleeve opening, wider width across shoulders and neck opening.

MEASURING:

1. Find your most comfortable fitting garment style for each item to measure.
Choose your own T-Shirt/Hoodie/Long Sleeve/Pants you like to wear, in terms of fit.
2. Lay the garment flat on the table face up and take the measurements using a measuring tape.
If you do not have a measuring tape, use string to then measure against a ruler.
Please see below for visuals of how to measure.

For T-Shirt/Hoodie/Blouse

- Chest:** measure the width across the chest of the shirt (1 inch below the armhole).
Waist: measure across the waist of the shirt.
Body length: measure from the center back top of neck to the bottom hem.
Bottom: measure the width at the bottom of the shirt.
Sleeve length: measure from center back of neck to bottom of sleeve cuff.

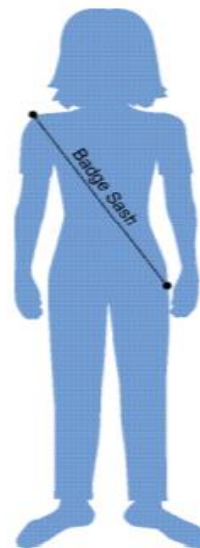

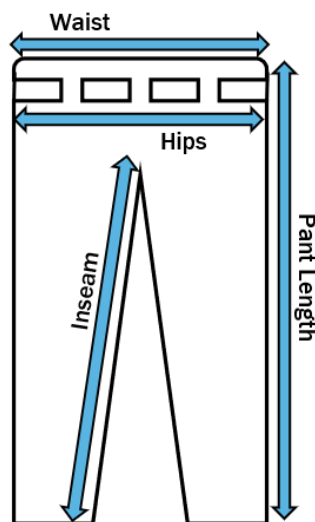

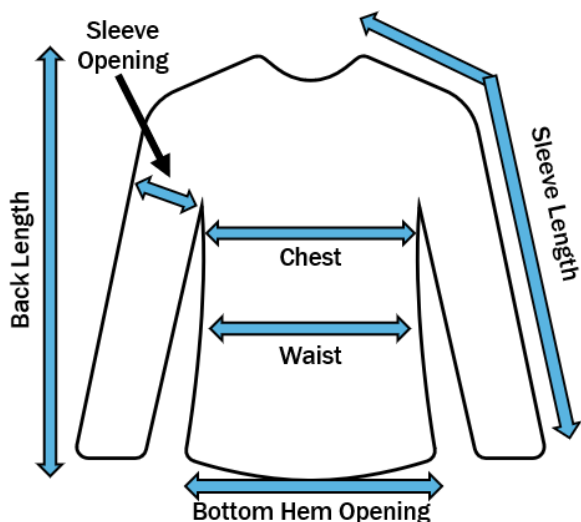

For Pants

- Waist:** measure the width on waist line of the pants.
Hips: measure the widest part between the waist and the crotch of the pants.
Inseam: measure from the crotch to the bottom of the pant leg.

For Accessories

- Badge Sash:** measure from right shoulder to left hip.
Camp Hat: measure circumference of head.

GGC has recently adjusted garment measuring for a better fit! Please see pictures below to learn where to measure your favourite garments. Compare these measurements to the ones below in the sizing charts to choose the best fit for you!
