

THE BISCUIT FACTORY

Creative Workshops

Botanical / Floral Embroidery with Lucy Freeman

Lucy will teach you contemporary embroidery techniques used specifically for hoop art - an easy to learn, quick and experimental way to embroider.

We'll cover the whole process from designing, stitching and how to finish hoops neatly to be hung on the wall. Expect lots of gorgeous botanical and floral imagery to draw from and plenty of finished embroidery pieces to look through for inspiration.

Lucy is an experimental textile artist based in Edinburgh. She takes a modern look at embroidery, using large textured stitches in a bold painterly style. Her wall hangings and framed embroideries celebrate the beauty of the natural world and are always full of vibrant colours. As well as creating artwork Lucy has years of experience teaching workshops across the UK and designs embroidery kits for John Lewis and Liberty. She is passionate about helping others discover the joy of embroidery!
