Flowers on Tulle Workshop with Olga Prinku

Learn the basics of flowers-on-tulle embroidery in this three-hour workshop and make your own “moon hoop” – a moon-shaped floral design in a 6” wooden embroidery hoop.

You'll learn how to stretch and secure the tulle fabric in the embroidery hoop, prepare the stems of the dried flowers, and methods of attaching flowers to the fabric. All tools and materials will be provided including a large selection of suitable dried flowers, in a seasonal-inspired colour palette of pinks, yellow and whites, so you can make your design unique to you. (The flower selection may vary slightly from those shown in the images depending on availability at the time).

Olga will guide you on constructing natural, organic-looking branch shapes and distributing the various flowers to achieve a pleasing, balanced aesthetic. You will get a sturdy box in which to transport your design safely home, and advice on options for framing and display. No prior stitching or embroidery knowledge needed.

Olga Prinku is an embroidery artist based in North Yorkshire. She created the concept of flowers on tulle embroidery in 2016 and her first book – Dried Flower Embroidery: An Introduction to the Art of Flowers on Tulle – was published by Quadrille in 2021.

Olga's flowers-on-tulle artworks have been displayed in various exhibitions and featured in media such as Channel 4's Kirstie's Handmade Christmas.
