## Creative Workshops

### Jesmonite Coaster Making | Darn It! Workshops

Create your own jesmonite jewellery with artist and maker Kim Searle using a variety of geometric and recycled moulds.

Jesmonite is a versatile material that will create a different outcome every time - you'll learn how to weigh it, mix it, add colours and textural effects to create something unique to you.

Jewellery can be made with pale pastels or vibrant colours, block colours or fantastic marbled effects. Take your creations away with you that day. Learn different finishing techniques, how to add metallic foil and acid etching

**Darn It! Workshops** is a Huddersfield based creative workshop company run by Kim Searle with a focus on sustainability, well being and creativity.

Further information:

This workshop is designed for all levels of experience, suitable for ages 15+

Participants are encouraged to arrive around 10-15 minutes ahead of their workshop.

There is parking on site and we have 2 free overflow car parks on Bermondsey Street and opposite at The Holy Biscuit.

Please contact [art@thebiscuitfactory.com](mailto:art@thebiscuitfactory.com) with any queries.
