Creative Workshops

String Art | Darn It! Workshops

In this session you will learn how to make your own piece of perfectly hammered string art.

Inspired by 70s string art you can make your piece look retro or right up to date with your choice of designs and colours.

Working with nails and brightly coloured string to create vibrant artwork.

There will be lots of easy to follow patterns provided, feel free to bring your own ideas. This involves a lot of hammering so be prepared, ear plugs will be provided in case anyone needs them.

Darn It! Workshops is a Huddersfield based creative workshop company run by Kim Searle with a focus on sustainability, well being and creativity.
